## ***Summary of Audit Findings***

Annual Financial Report  
Hamblen County, Tennessee  
For the Year Ended June 30, 2019

### ***Scope***

We have audited the basic financial statements of Hamblen County as of and for the year ended June 30, 2019.

### ***Results***

Our report on Hamblen County's financial statements is unmodified.

Our audit resulted in three findings, which we have reviewed with Hamblen County management. The detailed findings, recommendations, and management's responses are included in the Single Audit section of this report.

### ***Finding***

The following are summaries of the audit findings:

#### **OFFICE OF TRUSTEE - FORMER TRUSTEE JOHN BASKETTE**

- ◆ Former county trustee did not maintain county funds in interest-bearing accounts.
- ◆ Former county trustee entered into a contract without the county commission's approval.
- ◆ Discrepancies in the operations of the Trustee's Office disclosed in Investigative Report.

In Accordance with Tennessee Code Annotated (T.C.A.) Section 9-3-405 Section 5 the duties of the Audit Committee are:

(a) To carefully review, upon completion of the county's annual audit, all audit findings in audit report and consult with the external auditors regarding any irregularities and deficiencies disclosed in the annual audit. The Audit Committee is empowered to meet with management to discuss audit findings and/or disagreements with the external auditors. The committee should satisfy itself that appropriate and timely corrective action has been taken by management to remedy any identified weaknesses. The committee should determine what corrective action, if any, should be recommended to the County Commission.

(b) To consider the effectiveness of the internal control system, including information technology security and control, review the effectiveness of the system for monitoring compliance with laws and regulations, and review the process for communicating the county's ethics policies to county personnel and monitoring compliance therewith.

(c) To establish a process by which employees, taxpayers, or other citizens may confidentially report suspected illegal, improper, wasteful or fraudulent activity under provisions of T.C.A. § 9-3-406.

(d) To annually present a written committee report detailing how it discharged its duties and any committee recommendations to the full County Commission

December 20, 2019

The Honorable Bill Brittain  
Mayor of Hamblen County  
Hamblen (County of) TN  
511 West Second North Street  
Morristown, TN 37814

Dear Mayor Brittain,

We wish to inform you that on December 18, 2019, Moody's Investors Service reviewed and assigned a rating of Aa3 to Hamblen (County of) TN, General Obligation Bonds, Series 2020.

Credit ratings issued by Moody's Investors Service, Inc. and its affiliates ("Moody's") are Moody's current opinions of the relative future credit risk of entities, credit commitments, or debt or debt-like securities and are not statements of current or historical fact. Moody's credit ratings address credit risk only and do not address any other risk, including but not limited to: liquidity risk, market value risk, or price volatility.

This letter uses capitalized terms and rating symbols that are defined or referenced either in *Moody's Definitions and Symbols Guide* or *MIS Code of Professional Conduct* as of the date of this letter, both published on [www.moodys.com](http://www.moodys.com). The Credit Ratings will be publicly disseminated by Moody's through normal print and electronic media as well as in response to verbal requests to Moody's Rating Desk. Moody's related research and analyses will also be published on [www.moodys.com](http://www.moodys.com) and may be further distributed as otherwise agreed in writing with us.

Moody's Credit Ratings or any corresponding outlook, if assigned, will be subject to revision, suspension or withdrawal, or may be placed on review, by Moody's at any time, without notice, in the sole discretion of Moody's. # Best Places to Work in Manufacturing – 2019 Edition

Stephanie Horan, CEPF® DEC 16, 2019

<https://smartasset.com/mortgage/best-places-to-work-in-manufacturing-2019>

Finding steady income in a reliable sector is an important consideration for where Americans decide to put down roots and take out a mortgage. The manufacturing industry, one such robust sector, accounts for 8% of the U.S. workforce. Those 12.8 million employees are scattered nationwide, the percentage of the local workforce consisting of manufacturing workers is higher in some places than in others. That's why SmartAsset uncovered the best places to work in manufacturing in the U.S.

In this study, we examined the best places to work in manufacturing by considering the percentage of the workforce employed by the manufacturing industry, job and income growth and how average incomes compare to median annual housing costs in each metro area. For more information on our data sources and how we put all the information together to create our final rankings, check out the Data and Methodology section below.

## Key Findings

- **The Midwest and South rank well.** Of the top 10 places to work in manufacturing, three are in the Midwest, and the remaining seven are in the South. Moreover, there are 11 Midwestern states and 11 Southern states in the top 25. The metro areas in these regions excel at job growth and income growth for manufacturing workers.
- **The fluctuation in manufacturing jobs varies greatly by place.** On average, across the 376 areas in our study, manufacturing jobs have increased by more than 4% from 2014 through 2017. Yet, this growth is not evenly distributed. During this time period, 21 metro areas in our study saw the number of manufacturing jobs increase by more than 20%, while eight metro areas saw a decrease of over 20%.

TOP 10

# Places to Work in Manufacturing

- ① ELKHART-GOSHEN, IN
- ② GREENVILLE, NC
- ③ ELIZABETHTOWN-FORT KNOX, KY
- ④ SPARTANBURG, SC
- ⑤ JONESBORO, AR
- ⑥ MORRISTOWN, TN
- ⑦ GREENVILLE-ANDERSON-MAULDIN, SC
- ⑧ ATHENS-CLARKE COUNTY, GA
- ⑨ ROCKFORD, IL
- ⑩ LIMA, OH

## 1. Elkhart-Goshen, IN

Manufacturing is the largest industry in Elkhart-Goshen, Indiana, employing 55.2% of the workforce, the highest percentage for this metric out of the 376 metro areas in our study. In 2017, there were almost 73,000 manufacturing workers, an increase of about 20.5% from 2014 – the 19<sup>th</sup>-highest increase in the study overall – and about 6.4% from 2016 – the 60<sup>th</sup>-highest increase in the study.

## 2. Greenville, NC

Though the manufacturing industry in Greenville, North Carolina is much smaller than in Elkhart-Goshen, it has grown substantially over the past several years. In 2014, there were a total of 5,319 manufacturing workers, and in 2017, there were 7,521, marking an increase of more than 40% over that four-year period. Additionally, from 2016 to 2017 alone, the number of manufacturing jobs in Greenville grew by 30.8% – the biggest increase for this metric across all 376 metro areas in our study.

### 3. Elizabethtown-Fort Knox, KY

Elizabethtown-Fort Knox, Kentucky has seen relatively substantial growth in the number of manufacturing jobs in recent years. According to Census Data, the number of manufacturing jobs in the Elizabethtown metro area increased from 2014 through 2017 by 27.3%, the ninth-highest increase of any area in the study. Furthermore, from 2016 to 2017, there was an increase of 11.9%, the 16<sup>th</sup>-highest increase overall. Average incomes for manufacturing workers also grew by 6.6%, from just over \$50,000 in 2016 to almost \$53,500 in 2017.

### 4. Spartanburg, SC

Spartanburg, South Carolina ranks in the top third of metro areas for all six metrics we considered. Specifically, 2017 data from the County Business Patterns Survey shows that a whopping 23.7% of the workforce was employed by the manufacturing industry, the 17<sup>th</sup>-highest percentage of any metro area in our study. Additionally, we estimated that annual housing costs in the metro area are only 15.8% of average incomes for manufacturing workers, the 44<sup>th</sup>-best rate for affordability across all 376 metro areas in our study.

### 5. Jonesboro, AR

Job and income growth for manufacturing workers in Jonesboro, Arkansas has been strong in recent years. Between 2016 and 2017, the number of manufacturing jobs grew by 10.3%, and average incomes for manufacturing workers increased by 4.4%. Over the four years leading up to 2017, manufacturing jobs grew by 17.4%, and average incomes increased by 9.0%. Those employed in the manufacturing industry who have kids are in luck: Jonesboro ranks as one of the top places for working parents.

### 6. Morristown, TN

From 2014 to 2017, the number of manufacturing jobs in Morristown, Tennessee increased by 12.7%, the 56<sup>th</sup>-highest rate for this metric across all 376 metro areas in our study. That growth contributes to the fact that Morristown has the second-largest percentage of its workforce employed by the manufacturing industry of any area in our top 10, following only our No. 1 metro area, Elkhart-Goshen. In 2017, more than 12,000 residents in the Morristown metro area worked in manufacturing, which equals almost a third of its total workforce.

## 7. Greenville-Anderson-Mauldin, SC

Greenville-Anderson-Mauldin, South Carolina ranks in the top third of all 376 metro areas in our study for all six metrics. It has the 89<sup>th</sup>-highest percentage of its workforce employed by the manufacturing industry and ranks 103<sup>rd</sup>- and 100<sup>th</sup>- best out of 376 for its large one-year and four-year increases in number of manufacturing jobs. It also ranks within the top 10% of the study for four-year income growth from 2014 through 2017, at 13.4%.

## 8. Athens-Clarke County, GA

Athens-Clarke County, Georgia stands out as one of the best places to work in manufacturing because of its strong job growth in recent years. From 2014 to 2017, the number of manufacturing jobs increased by 32.5%, the seventh-highest increase of any area in the study. Moreover, from just 2016 to 2017, the number of manufacturing jobs increased by 22.0%, the sixth-highest rate across all 376 metro areas in our study.

## 9. Rockford, IL

The number of manufacturing jobs in Rockford, Illinois has remained relatively flat over the past several years. Though they had a slight increase of 0.6% from 2016 to 2017, over a longer time period of 2014 through 2017, the number of manufacturing jobs decreased by 0.5%. Despite this, Rockford performs in the top 20% of the study for the four other metrics we considered, which contributes to its No. 9 spot overall. About 24.3% of the workforce worked in manufacturing in 2017, and average incomes increased by 11.2% from 2016 to 2017, the highest increase of any metro in our top 10 and 19<sup>th</sup>-highest overall.

## 10. Lima, OH

Though average incomes for manufacturing workers have remained relatively flat in Lima, Ohio over the past several years, they are high relative to the other metro areas we considered in this study. In 2017, the average income for a worker in manufacturing in Lima was almost \$64,000. Due to high income and lower housing costs, housing costs as a percentage of average income for manufacturing workers is the lowest of any metro in our top 10 and 22<sup>nd</sup>-lowest overall. We estimate that annual housing costs make up only 13.8% of the average income for a manufacturing worker in Lima.

1. This is median annual housing costs divided by average income of manufacturing workers.

2. Our analysis also includes two metrics that are not on this table: four-year manufacturing job growth and four-year income growth for manufacturing workers.

Note: Tie indicates that these metro areas scored the same average ranking across all metrics analyzed.

## Data and Methodology

In last year's study on the best places to work in manufacturing, we looked at 480 metro and micro areas. This year, we considered only metro areas, looking at 376 of them for which complete data was available. We considered the following six factors:

- **Manufacturing as a percentage of the workforce.** This is the percentage of all workers employed by manufacturing firms. Data comes from the Census Bureau's 2017 County Business Patterns Survey.
- **Four-year job growth.** This is the percentage change in the number of people employed by manufacturing firms from 2014 through 2017. Data comes from the Census Bureau's 2014 County Business Patterns Survey and Census Bureau's 2017 County Business Patterns Survey.
- **One-year job growth.** This is the percentage change in the number of people employed by manufacturing firms from 2016 to 2017. Data comes from the Census Bureau's 2016 County Business Patterns Survey and Census Bureau's 2017 County Business Patterns Survey.
- **Four-year income growth.** This is the percentage change in manufacturing workers' average incomes from 2014 through 2017. Data comes from the Census Bureau's 2014 County Business Patterns Survey and Census Bureau's 2017 County Business Patterns Survey.
- **One-year income growth.** This is the percentage change in manufacturing workers' average incomes from 2016 to 2017. Data comes from the Census Bureau's 2016 County Business Patterns Survey and Census Bureau's 2017 County Business Patterns Survey.
- **Housing costs as a percentage of average income for manufacturing workers.** Data on median housing costs comes from the Census Bureau's 2018 1-year American Community Survey. Data on the average income for manufacturing workers comes from the Census Bureau's 2017 County Business Patterns Survey.

First, we ranked each metro area in every metric, giving all metrics an equal weighting except manufacturing as a percentage of the workforce, which was double weighted. We then found each area's average ranking and used the average to determine a final score. The metro area with the highest average ranking received a score of 100. The metro area with the lowest average ranking received a score of 0.

RESOLUTION 20-02

**A RESOLUTION TO AMEND SECTION 7.4 DEVELOPMENT STANDARDS FOR  
AUTOMOBILE WRECKING, JUNK, SALVAGE YARDS, AND DUMPS AND SECTION 9.7  
ENVIRONMENTAL INDUSTRIAL DISTRICT (I-2) OF THE  
HAMBLÉN COUNTY ZONING RESOLUTION**

**WHEREAS**, the Hamblén County Board of Commissioners, in accordance with Section 13-7-105 of the Tennessee Code Annotated, may amend the "Zoning Resolution of Hamblén County, Tennessee", and

**WHEREAS**, the Hamblén County Regional Planning Commission and the Morristown Municipal/Regional Planning Commission have reviewed and made recommendations regarding the proposed amendment of the "Zoning Resolution of Hamblén County, Tennessee", in accordance with Section 13-7-105(a) of the Tennessee Code Annotated; and

**WHEREAS**, public notice has been provided in a newspaper of general circulation for the public hearing to be held by the Hamblén County Board of Commissioners to consider such zoning amendment of the "Zoning Resolution of Hamblén County, Tennessee" with a complete summary of such amendment, in accordance with Section 13-7-105(b) of the Tennessee Code Annotated; and

**NOW, THEREFORE, BE IT RESOLVED** by the Board of County Commissioners of Hamblén County, Tennessee:

**Section 7.4** be deleted in its entirety and replaced with the following:

**7.4 Development Standards for Automobile Wrecking, Junk and Salvage yards and dumps.**

Because of the nature and character of their operations, automobile wrecking and salvage yards, junkyards and similar uses of land can have a decidedly detrimental effect upon surrounding properties. Salvage and wrecking yards tend to create problems of noise, dust, traffic and health hazards and may adversely affect property values by their general appearance. The following standards shall be used as a guide in evaluating whether proposed land uses, such as those outlined above, will have properly minimized their objectionable characteristics:

- A. These uses are only permitted in the I-2, Environmental Industrial District. See Article II, Section 9.7.C and D. for set back and other dimensional regulations.
- B. All motor vehicles stored or kept in such yards shall be so kept that they will not catch or hold water in which mosquitoes may breed or so that they will not constitute a place or places in which rats, mice, or other vermin may be harbored, reared or propagated.

- C. Because of the tendency for salvage yards, junkyard or automobile wrecking yards to promote the breeding of vermin, no such operation shall be permitted closer than five hundred (500) feet from any established residence.
- D. All automobile wrecking, junk and salvage yards located on a county road shall be conducted entirely within either an enclosed opaque fence, screen, or wall, except driveway areas, from eight (8) feet to twelve (12) feet in height or a screen or wall composed of white pine, eastern hemlocks, scotch pines or Leland cypress trees, no less than five (5) in height at planting, at ten (10) intervals between tree trunks along the fence lines, excepting driveway areas. Any fence, screen or wall for screening purposes shall be properly painted or otherwise maintained in good condition. Any material associated with the operations, as defined in Article V. Definitions, pertaining to junkyards shall not exceed a maximum of twelve (12) feet in height
- E. All such yards shall be so maintained as to be in a sanitary condition and so as not to be a menace to the public health or safety.
- F. Off Road Parking - No vehicles may be parked outside of the fence, screen or wall.
- G. Ingress and Egress – The number of vehicular access driveways permitted on any single street frontage shall be limited to:
1. One (1) driveway where the parcel to be used has a maximum road or street frontage of one hundred (100) feet or less.
  2. Two (2) driveways where the road or street frontage exceeds one hundred (100) feet.
- H. Except for grandfathered, non-conforming yards, no automobile wrecking, junk or salvage yards shall be permitted within three hundred (300) feet of any public road in Hamblen County.
- I. Application for Automobile Wrecking, Junk, or Salvage Yard Permit: No person shall own or maintain an automobile wrecking, junk or salvage yard within Hamblen County until he has secured a permit from the Hamblen County Board of Zoning Appeals. An application for said permit shall be filed and shall be accompanied by a detailed Site Plan, a schedule for construction, and any other information herein required.
- J. Dumps – No person shall own or maintain a landfill or waste dump within Hamblen County until a Site Plan has been submitted and approved by the Planning Commission, received approval as a special exception by the Board of Zoning Appeals; and received a permit issued by the Tennessee Department of Health and Environment, Division of Solid Waste. No such landfill or dump shall

be permitted within five hundred (500) feet of a residence, school, church, park, or public gathering place. All debris must be covered daily from public view. The dumping of chemicals or toxins is not permitted. Other standards required for junkyards shall also be required for dumps.

- K. Saving Clause- If any of the provisions of this Article 7.4 conflict with the provisions of general law regarding the regulation of junkyards, by being less restrictive than the general law or otherwise, then the general law provisions shall govern the matter at issue.
- L. Expansions-An expansion of these type business/operations shall constitute extending the operation to a separate lot of record that is distinct from the lot of record the operation originally took place upon regardless of the ownership. Any expansion to a new separate lot must conform to all the regulations pertaining to these uses.

**Section 9.7.A.8.** Uses Permitted in the Environmental Industrial District, I-2 be amended to state:

8. Automobile Wrecking, Junk and Salvage yards and dumps.

**NOW THEREFORE BE IT RESOLVED** that the Hamblen County Board of Commissioners met in regular session on the 19<sup>th</sup> day of December, 2019, hereby adopting the proposed amend to Section 7.4 of the Hamblen County Zoning Resolution as recommended by the planning commission and written above.

DEPARTMENT OF COMMUNITY DEVELOPMENT & PLANNING

TO: Hamblen County Planning Commission  
 FROM: Steve Neilson, Community Development Director  
 DATE: January 6, 2020  
 SUBJECT: Text Amendment – Automobile Wrecking, Junk and Salvage yards and dumps.

## BACKGROUND:

This is a staff-initiated proposal to amend Section 7.4. Development Standards for Automobile Wrecking, Junk and Salvage yards and dumps and Section 9.7.A.8. Uses Permitted in the Environmental Industrial District, I-2

The proposed amendments to Section 7.4. have been an ongoing discussion since 2018. Joe Barrett, Planner for the East Tennessee Development District pointed out in an August 22, 2018 memo that Subsection K, Amortization Schedule which removed the grandfather status of nonconforming junkyards was in violation of State law. Under Tennessee Code Annotated (TCA) 13-7-208, commercial, industrial, and multifamily uses are allowed to continue in perpetuity or up to thirty months after the use is abandoned. This position was recently confirmed by Chris Capp, County Attorney in a letter dated September 6, 2019 (see attached)

The most significant change to the proposed amendments is to remove Subsection K, Amortization Schedule and replace it with language which better explains the provisions under TCA 13-7-208. Other minor changes to Section 7.4 include:

- Adding a sentence specifying where automobile wrecking, junk and salvage yards and dumps can locate and states where the applicable development standards were located in the Zoning Ordinance.
- Reducing the spacing of buffer trees from 20 feet to 10 feet and change the minimum height of buffer trees from 4 feet to 5 feet.
- Establishing a 12 foot maximum height that material could be stacked.

The proposed amendment to Section 9.7.A.8. Environmental Industrial District, I-2, Uses Permitted is to replace the term “Junk Yards” with “Automobile Wrecking, Junk and Salvage yards and dumps” to match the language in Section 7.4.

## RECOMMENDATION:

Staff recommends approval of the proposed text amendment.

**Development Standards for Automobile Wrecking, Junk and Salvage yards and**

**dumps.** – Because of the nature and character of their operations, automobile wrecking and salvage yards, junkyards and similar uses of land can have a decidedly detrimental effect upon surrounding properties. Salvage and wrecking yards tend to create problems of noise, dust, traffic and health hazards and may adversely affect property values by their general appearance. The following standards shall be used as a guide in evaluating whether proposed land uses, such as those outlined above, will have properly minimized their objectionable characteristics:

- A. These uses are only permitted in the I-2, Environmental Industrial District. See Article II, Section 9.7.C and D. for setback and other dimensional regulations.
- A. All motor vehicles stored or kept in such yards shall be so kept that they will not catch or hold water in which mosquitoes may breed or so that they will not constitute a place or places in which rats, mice, or other vermin may be harbored, reared or propagated.
- B. Because of the tendency for salvage yards, junkyard or automobile wrecking yards to promote the breeding of vermin, no such operation shall be permitted closer than five hundred (500) feet from any established residence.
- C. All automobile wrecking, junk and salvage yards located on a county road shall be conducted entirely within either an enclosed opaque fence, screen, or wall, except driveway areas, from eight (8) feet to twelve (12) feet in height or a screen or wall composed of white pine, eastern hemlocks, scotch pines or Leland cypress trees, no less than five (5) ~~four~~ feet in height at planting, at ten (10) ~~20~~ intervals between tree trunks along the fence lines, excepting driveway areas. Any fence, screen or wall for screening purposes shall be properly painted or otherwise maintained in good condition. Any material associated with the operations, as defined in Article V, Definitions, pertaining to junkyards shall not exceed a maximum of twelve (12) feet in height. ~~Variations may be granted by the Board of Zoning Appeals where traffic safety is an issue.~~
- D. All such yards shall be so maintained as to be in a sanitary condition and so as not to be a menace to the public health or safety.
- E. Off Road Parking - No vehicles may be parked outside of the fence, screen or wall.
- F. Ingress and Egress – The number of vehicular access driveways permitted on any single street frontage shall be limited to:
  - 1. One (1) driveway where the parcel to be used has a maximum road or street frontage of one hundred (100) feet or less.
  - 2. Two (2) driveways where the road or street frontage exceeds one hundred (100) feet.

- G. Except for grandfathered, non-conforming yards, no automobile wrecking, junk or salvage yards shall be permitted within three hundred (300) feet of any public road in Hamblen County.
- H. Application for Automobile Wrecking, Junk, or Salvage Yard Permit: No person shall own or maintain an automobile wrecking, junk or salvage yard within Hamblen County until he has secured a permit from the Hamblen County Board of Zoning Appeals. An application for said permit shall be filed and shall be accompanied by a detailed Site Plan, a schedule for construction, and any other information herein required.
- I. Dumps – No person shall own or maintain a landfill or waste dump within Hamblen County until a Site Plan has been submitted and approved by the Planning Commission, received approval as a special exception by the Board of Zoning Appeals; and received a permit issued by the Tennessee Department of Health and Environment, Division of Solid Waste. No such landfill or dump shall be permitted within five hundred (500) feet of a residence, school, church, park, or public gathering place. All debris must be covered daily from public view. The dumping of chemicals or toxins is not permitted. Other standards required for junkyards shall also be required for dumps.
- J. Saving Clause- If any of the provisions of this Article 7.4 conflict with the provisions of general law regarding the regulation of junkyards, by being less restrictive than the general law or otherwise, then the general law provisions shall govern the matter at issue.
- K. ~~Amortization Schedule~~ ~~With respect to Article 7.4 A., C., D., E. and F., any non-conforming junkyard considered "grandfathered" under this Resolution or general law shall lose such grandfathered status with regard to Article 7.4 A., C., D., E. and F. three (3) years after the adoption of this amended Article 7.4. (December 22, 2005)~~
- K. Expansions-An expansion of these type business/operations shall constitute extending the operation to a separate lot of record that is distinct from the lot of record the operation originally took place upon regardless of the ownership. Any expansion to a new separate lot must conform to all the regulations pertaining to these uses.

9.7. Environmental Industrial District, I-2: This district's purpose is to allow industrial development for heavy industrial uses, which, by their nature, offer the potential for impacting the environment negatively.

- A. Uses Permitted – In I-2- Environmental Industrial District, the following uses are permitted on review by the Board of Zoning Appeals as special exceptions:

1. Landfills
2. Smelting Plants
3. Asphalt Plants
4. Slaughtering Houses
5. Incinerators for the burning of garbage materials or medical waste
6. Paper/Pulp Products Plants
7. Chemical Manufacturing Plants in which potentially hazardous chemicals are to be produced or utilized
8. ~~Junk Yards~~ Automobile Wrecking, Junk and Salvage yards and dumps

**RE: SCREENING OF HAMBLEN COUNTY JUNKYARDS PURSUANT  
TO THE HAMBLEN COUNTY ZONING ORDINANCE**

Dear Mr. Shipley, County Commissioners and Hamblen County Planning Commission:

Counties obtain their power to enact zoning ordinances and otherwise regulate the use of land by delegation from the state. (*TCA* §§ 13-7-101(a) (1) attached) Another statute, *TCA* §§ 13-7-208 (attached), establishes the right of an industrial or commercial establishment to continue their operations if they were legally permitted prior to the adoption of zoning regulations which due to their location makes the continued operation a "non-conforming use".

All of the "junkyards" or wrecking yards located in Hamblen County were "grandfathered" under this statute when Hamblen County adopted its zoning ordinance in 1990. In 2005, the Commission amended the ordinance originally adopted in 1990 with regard to "automobile wrecking, junk and salvage yards and dumps." (See attached amendment "Article 5")

The junkyards or salvage yards that were affected by this amendment were the same yards that were "grandfathered" by the adoption of the zoning ordinance in 1990 which continue to be "non-conforming uses." After contacting the County Technical Advisory Service ("CTAS") operated by the University of Tennessee, and researching the issue, it is my considered opinion based upon that research and conversation with other county attorneys, specifically Washington and Knox counties, and upon the holding in Smith County Regional Planning Commission v. Hiwassee Village Mobile Home Park LLC, 304 S.W. 2d 302 (Tenn. 2010) that Hamblen County does not have authority to require our existing non-conforming use junkyards to screen the yards as required

by our 2005 zoning amendment. (See attached opinion) This case establishes that a "change in zoning" results in "grandfathered" non-conforming uses, just as an original adoption of zoning does where no zoning law had previously existed.

The amendment of our zoning ordinance in 2005 was meant to affect those junkyards which had been "grandfathered" in 1990. The amendment constituted a "change in zoning" and these junkyards are again "grandfathered" with regard to the application of the 2005 amendment.

Historically a couple of the yards did purchase trees to comply with the 2005 amendment but the trees died and were not replaced, and Hamblen County has not made any efforts to enforce the amendment in many years. Under both the statute, TCA §§ 13-7-208 (b) 1, and the holding in Smith County Regional Planning Commission v. Hiwassee Village Mobile Home Park LLC, the County's attempts to enforce the 2005 amendment regarding screening of junkyards could be successfully defended at the expense of Hamblen County regardless of how well intended and desirable the 2005 Amendment was. The 2010 case cited above was a change to the law existing in 2005.

Sincerely,

Christopher P. Capps  
Hamblen County Attorney

**Tenn. Code Ann. § 13-7-208**

**Copy Citation**

Current through the 2019 Regular Session

**TN - Tennessee Code Annotated Title 13 Public Planning And Housing Chapter 7 Zoning Part 2 Municipal Zoning**

**13-7-208. Enforcement of ordinances — Remedies — Applicability of provisions.**

**(a)**

**(1)** The chief legislative body may provide for the enforcement of any ordinance enacted under this part and part 3 of this chapter. A violation of any such ordinance is a Class C misdemeanor.

**(2)** In case any building or structure is or is proposed to be erected, constructed, reconstructed, altered, converted or maintained, or any building, structure or land is or is proposed to be used in violation of any ordinance enacted under this part and part 3 of this chapter, the building commissioner, municipal counsel or other appropriate authority of the municipality, or any adjacent or neighboring property owner who would be specially damaged by such violation, may, in addition to other remedies, institute injunction, mandamus or other appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, conversion, maintenance or use, or to correct or abate such violation, or to prevent the occupancy of the building, structure or land.

**(b)**

**(1)** In the event that a zoning change occurs in any land area where such land area was not previously covered by any zoning restrictions of any governmental agency of this state or its political subdivisions, or where such land area is covered by zoning restrictions of a governmental agency of this state or its political subdivisions, and such zoning restrictions differ from zoning restrictions imposed after the zoning change, then any industrial, commercial or business establishment in operation, permitted to operate under zoning regulations or exceptions thereto prior to the zoning change shall be allowed to continue in operation and be permitted; provided, that no change in the use of the land is undertaken by such industry or business.

**(2)** When the use permitted to continue to expand, or to be rebuilt pursuant to any subsection of this section is an off-premises sign, such use shall not preclude any new or additional conforming use or structure on the property on which the sign structure is located or on any adjacent property under the same ownership; provided, however, that any such new or additional use or structure does not result in any violations of the applicable zoning restrictions other than those nonconformities associated with the off-premises sign as allowed under this subdivision (b)(2).

**(c)** Industrial, commercial or other business establishments in operation and permitted to operate under zoning regulations or exceptions thereto in effect immediately preceding a change in zoning shall be allowed to expand operations and construct additional facilities which involve an actual continuance and expansion of the activities of the industry or business which were permitted and being conducted prior to the change in zoning; provided, that there is a reasonable amount of space for such expansion on the property owned by such industry or business situated within the area which is affected by the change in zoning, so as to avoid nuisances to adjoining landowners. No building permit or like

in zoning; provided, that there is a reasonable amount of space for such expansion on the property owned by such industry or business situated within the area which is affected by the change in zoning, so as to avoid nuisances to adjoining landowners.

**(d)**

**(1)** Industrial, commercial, or other business establishments in operation and permitted to operate under zoning regulations or exceptions thereto immediately preceding a change in zoning shall be allowed to destroy present facilities and reconstruct new facilities necessary to the conduct of such industry or business subsequent to the zoning change; provided, that no destruction and rebuilding shall occur which shall act to change the use classification of the land as classified under any zoning regulations or exceptions thereto in effect immediately prior to or subsequent to a change in the zoning of the land area on which such industry or business is located. No building permit or like permission for demolition, construction or landscaping shall be denied to an industry or business seeking to destroy and reconstruct facilities necessary to the continued conduct of the activities of that industry or business, where such conduct was permitted prior to a change in zoning; provided, that there is a reasonable amount of space for such expansion on the property owned by such industry or business situated within the area which is affected by the change in zoning, so as to avoid nuisances to adjoining landowners.

**(2)**

**(A)** Multifamily residential establishments, whether used as owner-occupied property or rental property, which were permitted to operate under zoning regulations or exceptions thereto immediately preceding a change in zoning shall be allowed to reconstruct new facilities necessary to the conduct of such multifamily residential establishment subsequent to the zoning change, in the event of damage, whether partial or complete, by involuntary fire or wind damage or other natural disaster.

**(B)** If any such new facilities exceed the original height, density, setback, or square-footage of the original facilities in existence immediately prior to the damage, then the new facilities shall constitute a change in the use of the land, and any protections provided hereunder shall be forfeited.

**(C)** If any such new facilities do not exceed the original height, density, setback, or square-footage of the original facilities in existence immediately prior to the damage, then the new facilities shall constitute a continuation of the use of the land immediately prior to the damage, and any protections provided hereunder shall not be forfeited.

**(D)** Whenever any ordinance enacted under authority of this chapter establishes stricter terms regarding the amount of partial damage that may be allowed without forfeiture of these protections, then any such ordinance shall govern.

**(E)** New facilities shall comply with all architectural design standards required under current zoning regulations and be consistent with the architectural context of the immediate and adjacent block faces.

**(e)** Subsections (b)-(d) apply only to land owned and in use by such affected business, and do not operate to permit expansion of an existing industry or business through the acquisition of additional land.

**(f)** Subsections (b)-(e) do not apply to any municipality defined as a premiere type tourist resort according to § 67-6-103(a)(3)(B).

**(g)** Except as provided in subsection (f), subsections (b)-(d) shall not apply if an industrial, commercial, or other business establishment ceases to operate for a period of thirty (30) continuous months and the industrial, commercial, or other business use of the property did not conform with the land use classification as denoted in the existing zoning regulations for the zoning district in which it is located. Anytime after the thirty-month cessation, any use proposed to be established on the site, including any existing or proposed on-site sign, must conform to the provisions of the existing zoning regulations. For the purposes of this subsection (g), the thirty-month period of continuous ceased operation shall be tolled by:

**(1)** The period in which an industrial, commercial, or other business establishment is party to any action in a court of competent jurisdiction regarding the use of the property until such time that a final settlement, order, decree, or judgment has been rendered;

continuous use;

(3) The filing of an application for a building permit for the alteration, renovation or reconstruction of a structure which is nonconforming or of a structure in which or out of which a nonconforming industrial, commercial or other business use operates or is located or

(4) The reactivation of the nonconforming use any time prior to the end of the thirty-month period; provided, however, that the restrictions of this subsection (g) and subsection (i) shall only apply if the property owner intentionally and voluntarily abandons the nonconforming use of the property. In any contested matter on the use of such property, the government has the burden of proving an overt act of abandonment in such matter.

(h) Subsections (b)-(d) shall apply to an off-site sign which, for the purposes of this subsection (h), means any sign that advertises or gives direction to any business, product, service, attraction, or any other purpose or interest, other than the industrial, commercial or other business establishment located on the site where the sign is located; provided, however that any expansion shall be limited as follows:

(1) Any off-site sign smaller than a standard 8-sheet poster which, for the purposes of this subsection (h), means an off-site sign with overall dimensions of at least five feet four inches (5' 4") to six feet two inches (6' 2") in height and eleven feet four inches (11' 4") to twelve feet two inches (12' 2") in width shall not be expanded to a size greater than a standard 8-sheet poster;

(2) Any standard 8-sheet poster shall not be expanded to a size greater than a 30-sheet poster which, for the purposes of this subsection (h), means an off-site sign with overall dimensions of twelve feet three inches (12' 3") in height and twenty-four feet six inches (24' 6") in width;

(3) Any standard 30-sheet poster shall not be expanded to a size greater than any standard bulletin which, for the purposes of this subsection (h), means any off-site sign with overall dimensions of ten feet (10') to fourteen feet (14') in height and thirty-six feet (36') to forty-eight feet (48') in width;

(4) Any standard bulletin shall not be expanded to a size greater than any super bulletin which, for the purposes of this subsection (h), means any off-site sign with overall dimensions of sixteen feet (16') to twenty feet (20') in height and sixty feet (60') in width;

(5) Any super bulletin shall not be expanded;

(6) Any off-site sign with a height larger than standard 8-sheet poster height or width larger than standard 8-sheet poster width but not meeting the definition of a standard 8-sheet poster, a standard 30-sheet poster, a standard bulletin, or a standard super bulletin shall not be expanded by more than one hundred percent (100%) of its surface area; or

(7) Any operation, rebuilding, or expansion of an off-site sign that has been in existence for ten (10) years or more shall not be denied solely on the basis that the original permit for the sign does not exist to prove that it was a lawful use when constructed.

(i) Notwithstanding subsection (d), any structure rebuilt on the site must conform to the existing zoning regulations as to setbacks, height, bulk, or requirements as to the physical location of a structure upon the site, provided that this subsection (i) shall not apply to off-site signs.

(j) Subsections (g), (h) and (i) do not apply to any home rule municipality; provided, however, that subject to the approval of the local legislative body, a home rule municipality may opt into these subsections.

(k) Notwithstanding subsections (a)-(i), subsection (g) shall not apply to any industrial establishment location where twenty-five percent (25%) or more of the gross annual sales from such location are derived from sales to or contracts with local, state or federal governments or as a subcontractor to contracts with local, state or federal governments, or to any industrial establishment location where seventy-five percent (75%) or more of the gross annual sales from the location are made to agriculture or construction businesses.

(l)

(1) As used in this subsection (l):

(A) "Block" means a unit of land bounded by streets or by a combination of streets and public land, railroad rights-of-way, waterways or any other barrier to the continuity of development; and

vehicle dealership located on property that is principally used for the marketing and display of new motor vehicles, whether by sale, rental, lease or other commercial or financial means that is primarily housed in a structure and characterized by a mixture of the following secondary supporting uses:

- (i) An inventory of new or used motor vehicles in operating condition for sale or lease either on the same parcel or at a location affiliated with a franchised retail motor vehicle dealership; and
- (ii) On-site facilities for the repair and service of motor vehicles previously sold, rented or leased by the retail motor vehicle dealership.

(2) In any municipality having a metropolitan form of government and a population of over five hundred thousand (500,000), according to the 2000 federal census or any subsequent federal census, any nonconforming motor vehicle business establishment may be terminated after notice and a hearing before the board of zoning appeals upon a finding that all of the following have been established in the record before the board of zoning appeals:

- (A) Another motor vehicle business establishment is located within the one thousand feet (1,000') of the nonconforming motor vehicle business establishment, in the same block as the nonconforming motor vehicle business establishment, or in the block across a public street or road from the block in which the nonconforming motor vehicle business establishment is located;
- (B) The parcel on which the nonconforming motor vehicle business establishment is located has less than two hundred fifty feet (250') of frontage on any public street or road, excluding any portion of the frontage not owned or leased by the licensed operator of the nonconforming motor vehicle business establishment; and
- (C) At least ten percent (10%) of the inventory of the nonconforming motor vehicle business establishment at any point in time consists of motor vehicles titled pursuant to title 55, chapter 3, part 2, including, but not limited to, vehicles with salvage titles, flood titles, rebuilt titles, or nonrepairable vehicle certificates. The operator of the nonconforming motor vehicle business establishment shall make the titles for all of the vehicles located on the premises of the nonconforming motor vehicle business establishment immediately available upon request of a local zoning inspection official, or produce the original titles at the office of the local zoning inspection official within three (3) business days of the request by the local zoning inspection official. The failure of the nonconforming motor vehicle business establishment to make the titles for the vehicles located on the premises of the nonconforming motor vehicle business establishment available to the local zoning inspection official in accordance with this subsection (l) shall create a rebuttable presumption that at least ten percent (10%) of the inventory of the nonconforming motor vehicle business establishment consists of the motor vehicles titled pursuant to title 55, chapter 3, part 2.

(3) All other industrial, commercial or other business establishments in any municipality with a metropolitan form of government and a population of over five hundred thousand (500,000), according to the 2000 federal census or any subsequent federal census, shall be entitled to operate pursuant to subsection (g).

(m)

(1) If any land area becomes subject to land use restrictions imposed pursuant to a redevelopment plan undertaken by any governmental agency of this state or of its political subdivisions pursuant to chapter 20, part 2 or part 7 of this title, or if the land area is subject to land use restrictions that are amended by any governmental agency of this state or of its political subdivisions pursuant to chapter 20, part 2 or part 7 of this title, and if the land use restrictions differ from the land use restrictions contained in the amended land use restrictions, then any industrial, commercial, or other business establishment in operation and permitted to operate prior to the initial adoption of the land use restrictions or an amendment thereto, shall be allowed to continue in operation and shall be permitted; provided, that no change in the use of the land is undertaken by the industrial, commercial, or business establishment.

(2) Immediately preceding an initial adoption of the land use restrictions or an amendment of the restrictions, industrial, commercial, and other business establishments in operation and permitted to operate under land use restrictions imposed pursuant to a redevelopment plan undertaken by any

facilities are acquired by a governmental entity pursuant to the power of eminent domain, or under threat of the exercise of the power of eminent domain, or replace facilities required to be relocated as the result of the acquisition of property by a governmental entity pursuant to the power of eminent domain, or under threat of the exercise of the power of eminent domain, or to rebuild facilities if they are damaged by unplanned casualty or act of God; provided, that:

- (A) The replacement facilities shall not be larger in size than the facilities in existence prior to the acquisition, relocation, or damage caused by unplanned casualty or act of God;
  - (B) The construction of the replacement facilities shall commence within thirty (30) months of the date of the taking or acquisition under threat of the exercise of the power of eminent domain or the date of the damage caused by unplanned casualty or act of God; and
  - (C) There is a reasonable amount of space for the replacement facilities on the property owned by the industry or business situated within the area that is affected by the adoption of the land use restrictions or an amendment of the restrictions, so as to avoid nuisances to adjoining landowners.
- (3) Subdivision (m)(2) applies only to land owned and in use by the affected industrial, commercial, or other business establishment prior to acquisition or relocation resulting from the exercise of the power of eminent domain, or the threat of the exercise of the power of eminent domain, or the damage to facilities caused by unplanned casualty or act of God, and does not operate to permit the replacement of facilities necessary to the conduct of the industry or business through the acquisition of additional land.
- (4) Subdivisions (m)(2) and (3) apply only to any acquisition or relocation of facilities within an area subject to land use restrictions imposed pursuant to a redevelopment plan undertaken on or after July 1, 2015, by any governmental agency of this state or of its political subdivisions pursuant to chapter 20, part 2 or part 7 of this title, or to damage to facilities caused by casualty or act of God occurring on or after July 1, 2015, regardless of the redevelopment plan's date of enactment.

**PROPOSAL**  
**OF THE DEPARTMENT OF TRANSPORTATION OF THE STATE OF TENNESSEE**  
**TO THE COUNTY OF HAMBLLEN, TENNESSEE:**

The DEPARTMENT OF TRANSPORTATION of the State of Tennessee, hereinafter "DEPARTMENT", proposes to construct a project in the County of Hamblen, Tennessee, hereinafter "COUNTY", designated as Federal Project No. NH-34(86), State Project No. 32004-2233-14 , that is described as "S.R. 34, From S.R. 32 in Morristown To Near Morris Blvd", provided the COUNTY agrees to cooperate with the DEPARTMENT as set forth in this proposal, so that the general highway program may be carried out in accordance with the intent of the General Assembly of the State.

Accordingly, the parties agree as follows:

1. That in the event any civil actions in inverse condemnation or for damages are instituted by reason of the DEPARTMENT, or its contractor, going upon the highway right-of-way and easements, and constructing said project in accordance with the plans and as necessary to make the completed project functional, it will notify in writing the Attorney General of the State, whose address is 425 Fifth Avenue North, Nashville, Tennessee, 37243, of the institution of each civil action, the complaint and all subsequent pleadings, within ten (10) days after the service of each of the same, under penalty of defending such actions and paying any judgments which result therefrom at its own expense.

2. The COUNTY will close or otherwise modify any of its roads or other public ways if indicated on the project plans, as provided by law.

3. The COUNTY will transfer or cause to be transferred to the DEPARTMENT, without cost to the DEPARTMENT, all land owned by the COUNTY or by any of its instrumentalities as

required for right-of-way or easement purposes, provided such land is being used or dedicated for road or other public way purposes.

4. Where privately, publicly or cooperatively owned utility lines, facilities and systems for producing, transmitting or distributing communications, power, electricity, light, heat, gas, oil, crude products, water, steam, waste, storm water not connected with highway drainage, and other similar commodities, including publicly owned facilities such as fire and police signal systems and street lighting systems are located within the right-of-way of any road or other public way owned by the COUNTY, or any of its instrumentalities, the COUNTY agrees that it will take any action necessary to require the removal or adjustment of any of the above-described facilities as would conflict with the construction of the project. But the foregoing may not be a duty of the COUNTY since it shall become operative only after the DEPARTMENT has been unsuccessful in its efforts to provide for said removals or adjustments for the benefit of the COUNTY.

The foregoing does not apply to those utility facilities which are owned by the COUNTY or one of its instrumentalities, it being understood that the COUNTY has the duty to relocate or adjust such facilities, if required, provided the COUNTY is notified to do so by the DEPARTMENT with detailed advice as to this duty of the COUNTY.

5. The COUNTY will maintain any frontage road to be constructed as part of the project;

6. After the project is completed and open to traffic, the COUNTY will accept jurisdiction and maintenance such parts of any existing DEPARTMENT highway to be replaced by the project, as shown on the attached map.

7. The COUNTY will make no changes or alter any segment of a road on its road system that lies within the limits of the right-of-way acquired for any interchange to be constructed as part of the project and will not permit the installation or relocation of any utility

facilities within the right-of-way of any such a segment of one of its roads without first obtaining the approval of the DEPARTMENT.

8. No provision hereof shall be construed as changing the maintenance responsibility of the COUNTY for such part of the project as may presently be on its highway, street, road or bridge system.

9. It is understood and agreed between the DEPARTMENT and the COUNTY that all traffic control signs for the control of traffic on a street under the jurisdiction of the COUNTY and located within the DEPARTMENT's right-of-way shall be maintained and replaced by the COUNTY.

10. When traffic control devices for the direction or warning of traffic, lighting of roadways or signing, or any of them, which are operated or function by the use of electric current are constructed or installed as part of the project, they will be furnished with electricity and maintained by the COUNTY.

11. If, as a result of acquisition and use of right-of-way for the project, any building and/or structure improvements become in violation of a COUNTY setback line or building and/or structure requirement, including, but not limited to, on-premise signs, the COUNTY agrees to waive enforcement of the COUNTY setback line or building and/or structure requirement and take other proper governmental action as necessary to accomplish such waiver.

12. If, as a result of acquisition and use of right-of-way for the project, any real property retained by any property owner shall become in violation of a COUNTY zoning regulation or requirement, the COUNTY agrees to waive enforcement of the COUNTY zoning regulation or requirement and take other proper governmental action as necessary to accomplish such waiver.

13. The COUNTY will not authorize encroachments of any kind upon the right-of-way, nor will the COUNTY authorize use of the easements for the project in any manner which affects

the DEPARTMENT's use thereof.

14. The COUNTY will obtain the approval of the DEPARTMENT before authorizing parking on the right-of-way and easements for the project.

15 The COUNTY will not install or maintain any device for the purpose of regulating the movement of traffic on the roadway except as warranted and in conformity with the Manual on Uniform Traffic Control Devices.

16. If the project is classified as full access control (i.e. a project which has no intersecting streets at grade), then the DEPARTMENT will maintain the completed project. If the project is not classified as full access control, then the DEPARTMENT will maintain the pavement from curb to curb where curbs exist, or will maintain full width of the roadway where no curb exist. The COUNTY agrees to maintain all other parts of non-access control projects; provided, however, that any retaining walls, box culverts, or other like structures constructed as part of the project that supports the structural integrity or stability of the roadway surface shall be maintained by the DEPARTMENT.

17. If a sidewalk is constructed as a component of this project, the COUNTY shall be responsible for maintenance of the sidewalk and shall assume all liability for third-party claims for damages arising from its use of the sidewalk or premises beyond the DEPARTMENT'S maintenance responsibilities as set forth in section 16 of this proposal.

18. When said project is completed, the COUNTY thereafter will not permit any additional median crossovers, the cutting of the pavement, curbs, gutters and sidewalks, by any person, firm, corporation, or governmental agency, without first obtaining the approval of the DEPARTMENT.

19. The DEPARTMENT will acquire the right-of-way and easements, construct the project and defend any inverse condemnation for damage or civil actions of which the Attorney

General has received the notice and pleadings provided for herein; provided, however, that if the project is being constructed pursuant to a contract administered by the DEPARTMENT's Local Programs Development Office, the terms of that contract shall control in the event of a conflict with this proposal.

20. The project plans hereinbefore identified by number and description are incorporated herein by reference and shall be considered a part of this proposal, including any revisions or amendments thereto, provided a copy of each is furnished the COUNTY.

21. The acceptance of this proposal shall be evidenced by the passage of a resolution or by other proper governmental action, which shall incorporate this proposal verbatim or make reference thereto.

IN WITNESS WHEREOF, the DEPARTMENT has caused this proposal to be executed by its duly authorized official on this the \_\_\_\_ day of \_\_\_\_\_, 20\_\_.

**PROPOSAL**  
**OF THE DEPARTMENT OF TRANSPORTATION OF THE STATE OF TENNESSEE**  
**TO THE COUNTY OF HAMBLLEN, TENNESSEE:**

The DEPARTMENT OF TRANSPORTATION of the State of Tennessee, hereinafter "DEPARTMENT", proposes to construct a project in the County of Hamblen, Tennessee, hereinafter "COUNTY", designated as Federal Project No. HSIP-34(105), State Project No. 32004-2226-94 , that is described as "Intersection at Commerce Boulevard in Morristown Route: SR-34", provided the COUNTY agrees to cooperate with the DEPARTMENT as set forth in this proposal, so that the general highway program may be carried out in accordance with the intent of the General Assembly of the State.

Accordingly, the parties agree as follows:

1. That in the event any civil actions in inverse condemnation or for damages are instituted by reason of the DEPARTMENT, or its contractor, going upon the highway right-of-way and easements, and constructing said project in accordance with the plans and as necessary to make the completed project functional, it will notify in writing the Attorney General of the State, whose address is 425 Fifth Avenue North, Nashville, Tennessee, 37243, of the institution of each civil action, the complaint and all subsequent pleadings, within ten (10) days after the service of each of the same, under penalty of defending such actions and paying any judgments which result therefrom at its own expense.

2. The COUNTY will close or otherwise modify any of its roads or other public ways if indicated on the project plans, as provided by law.

3. The COUNTY will transfer or cause to be transferred to the DEPARTMENT, without cost to the DEPARTMENT, all land owned by the COUNTY or by any of its instrumentalities as

required for right-of-way or easement purposes, provided such land is being used or dedicated for road or other public way purposes.

4. Where privately, publicly or cooperatively owned utility lines, facilities and systems for producing, transmitting or distributing communications, power, electricity, light, heat, gas, oil, crude products, water, steam, waste, storm water not connected with highway drainage, and other similar commodities, including publicly owned facilities such as fire and police signal systems and street lighting systems are located within the right-of-way of any road or other public way owned by the COUNTY, or any of its instrumentalities, the COUNTY agrees that it will take any action necessary to require the removal or adjustment of any of the above-described facilities as would conflict with the construction of the project. But the foregoing may not be a duty of the COUNTY since it shall become operative only after the DEPARTMENT has been unsuccessful in its efforts to provide for said removals or adjustments for the benefit of the COUNTY.

The foregoing does not apply to those utility facilities which are owned by the COUNTY or one of its instrumentalities, it being understood that the COUNTY has the duty to relocate or adjust such facilities, if required, provided the COUNTY is notified to do so by the DEPARTMENT with detailed advice as to this duty of the COUNTY.

5. The COUNTY will maintain any frontage road to be constructed as part of the project;

6. After the project is completed and open to traffic, the COUNTY will accept jurisdiction and maintenance such parts of any existing DEPARTMENT highway to be replaced by the project, as shown on the attached map.

7. The COUNTY will make no changes or alter any segment of a road on its road system that lies within the limits of the right-of-way acquired for any interchange to be constructed as part of the project and will not permit the installation or relocation of any utility

facilities within the right-of-way of any such a segment of one of its roads without first obtaining the approval of the DEPARTMENT.

8. No provision hereof shall be construed as changing the maintenance responsibility of the COUNTY for such part of the project as may presently be on its highway, street, road or bridge system.

9. It is understood and agreed between the DEPARTMENT and the COUNTY that all traffic control signs for the control of traffic on a street under the jurisdiction of the COUNTY and located within the DEPARTMENT's right-of-way shall be maintained and replaced by the COUNTY.

10. When traffic control devices for the direction or warning of traffic, lighting of roadways or signing, or any of them, which are operated or function by the use of electric current are constructed or installed as part of the project, they will be furnished with electricity and maintained by the COUNTY.

11. If, as a result of acquisition and use of right-of-way for the project, any building and/or structure improvements become in violation of a COUNTY setback line or building and/or structure requirement, including, but not limited to, on-premise signs, the COUNTY agrees to waive enforcement of the COUNTY setback line or building and/or structure requirement and take other proper governmental action as necessary to accomplish such waiver.

12. If, as a result of acquisition and use of right-of-way for the project, any real property retained by any property owner shall become in violation of a COUNTY zoning regulation or requirement, the COUNTY agrees to waive enforcement of the COUNTY zoning regulation or requirement and take other proper governmental action as necessary to accomplish such waiver.

13. The COUNTY will not authorize encroachments of any kind upon the right-of-way nor will the COUNTY authorize use of the easements for the project in any manner which affects

the DEPARTMENT's use thereof.

14. The COUNTY will obtain the approval of the DEPARTMENT before authorizing parking on the right-of-way and easements for the project.

15 The COUNTY will not install or maintain any device for the purpose of regulating the movement of traffic on the roadway except as warranted and in conformity with the Manual on Uniform Traffic Control Devices.

16. If the project is classified as full access control (i.e. a project which has no intersecting streets at grade), then the DEPARTMENT will maintain the completed project. If the project is not classified as full access control, then the DEPARTMENT will maintain the pavement from curb to curb where curbs exist, or will maintain full width of the roadway where no curb exist. The COUNTY agrees to maintain all other parts of non-access control projects; provided, however, that any retaining walls, box culverts, or other like structures constructed as part of the project that supports the structural integrity or stability of the roadway surface shall be maintained by the DEPARTMENT.

17. If a sidewalk is constructed as a component of this project, the COUNTY shall be responsible for maintenance of the sidewalk and shall assume all liability for third-party claims for damages arising from its use of the sidewalk or premises beyond the DEPARTMENT'S maintenance responsibilities as set forth in section 16 of this proposal.

18. When said project is completed, the COUNTY thereafter will not permit any additional median crossovers, the cutting of the pavement, curbs, gutters and sidewalks, by any person, firm, corporation, or governmental agency, without first obtaining the approval of the DEPARTMENT.

19. The DEPARTMENT will acquire the right-of-way and easements, construct the project and defend any inverse condemnation for damage or civil actions of which the Attorney

General has received the notice and pleadings provided for herein; provided, however, that if the project is being constructed pursuant to a contract administered by the DEPARTMENT's Local Programs Development Office, the terms of that contract shall control in the event of a conflict with this proposal.

20. The project plans hereinbefore identified by number and description are incorporated herein by reference and shall be considered a part of this proposal, including any revisions or amendments thereto, provided a copy of each is furnished the COUNTY.

21. The acceptance of this proposal shall be evidenced by the passage of a resolution or by other proper governmental action, which shall incorporate this proposal verbatim or make reference thereto.

IN WITNESS WHEREOF, the DEPARTMENT has caused this proposal to be executed by its duly authorized official on this the \_\_\_\_ day of \_\_\_\_\_, 20\_\_.

**RESOLUTION OF THE COUNTY COMMISSION  
OF HAMBLLEN COUNTY, TENNESSEE**

WHEREAS, Covenant Health, a Tennessee non-profit corporation ("Covenant"), requested The Health, Educational and Housing Facility Board of the County of Knox (the "Knox County Board") to issue up to \$500,000,000 of its revenue bonds, in multiple series (collectively, the "Bonds"), pursuant to Part 3 of Chapter 101 of Title 48 of Tennessee Code Annotated (the "Act"), a portion of the proceeds of which will be used to make a loan to Covenant and its affiliates for various purposes, including but not limited to, financing or refinancing the costs of the expansion, improvement, renovation and equipping of Covenant's and its affiliates' facilities, including Morristown-Hamblen Healthcare System's hospital and related facilities located at 908 West Fourth North Street, Morristown, Tennessee; and

WHEREAS, Tennessee Code Annotated Section 48-101-308(a)(5) provides that a corporation such as the Knox County Board created under the Act may not finance a project located outside Knox County, Tennessee except after the approval of such financing by appropriate resolution duly adopted by an entity designated in said subsection 48-101-308(a)(5); and

WHEREAS, the County Commission of Hamblen County, Tennessee (the "County Commission") is the appropriate governing body, as designated by the Act, to adopt such resolution, with respect to facilities in Hamblen County.

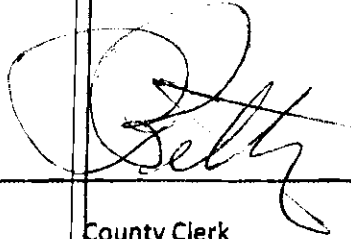

NOW, THEREFORE, BE IT RESOLVED that:

1. The County Commission hereby approves the issuance of the Bonds by the Knox County Board to finance or refinance costs relating to the expansion, improvement, renovation and equipping of the Morristown-Hamblen Healthcare System and approves the issuance of any bonds by the Knox County Board to refund such bonds and/or to finance capital improvements at such facilities that are deemed needed by Morristown-Hamblen within the next three years.
2. The officers of Hamblen County are authorized to execute and deliver all such certificates and statements as may be reasonably required in connection with the issuance of the Bonds, including a public approval certificate to be executed by the County Mayor to comply with federal tax law requirements.

**AUTHORIZING HAMBLLEN COUNTY TO APPLY FOR A 2020 COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)**

**WHEREAS,** the Community Development Block Grant (CDBG) Program as administered by the State of Tennessee offers grants to local jurisdictions to fund sewer and water line extensions, sewer and water system upgrades, as well as community livability projects, and;

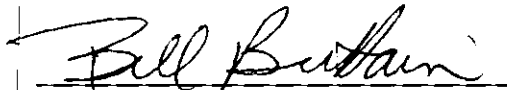

**WHEREAS,** the CDBG Program also offers a reduction of the grant match for communities that have earned the Three Star designation like Hamblen County, and:

**WHEREAS,** the Three Star incentive makes the 2020 CDBG match for Hamblen County 15% or \$74,118 based on a \$420,000 grant limit, and ;

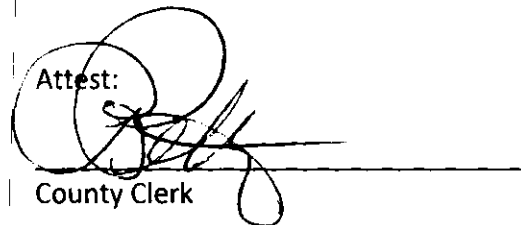

**NOW, THEREFORE, BE IT RESOLVED** that the Hamblen County Legislative Body approves the application for a 2020 CDBG grant not to exceed \$494,118 of which \$420,000 are grant funds and the remainder are local matching dollars for the purchase of a new fire truck and other firefighting equipment for the West Hamblen County Volunteer Fire Department (WHCVFD).

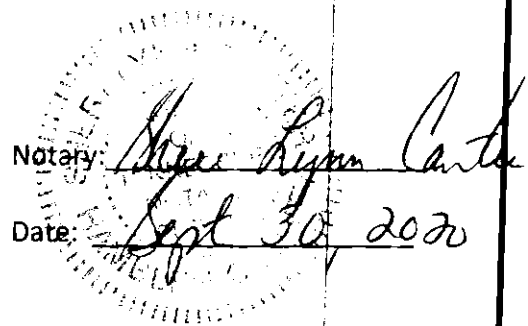

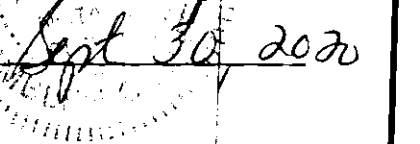

**BE IT FURTHER RESOLVED,** the Hamblen County Legislative Body agrees to provide up to \$50,000 in matching funds with WHCVFD providing the remainder of the required match.

Duly passed and approved this the 23<sup>rd</sup> day of January 2020.
